HERB DIP

Recipe for 4 people

Ingredients:

- 200 g plain yoghurt
- 50 g low-fat curd
- 50 g cream cheese
- 1 tbsp. olive oil
- 1 tsp. yeast flakes
- A little bit of cider vinegar,
- sea salt, pepper
- 6 tbsp. fresh herbs, finely chopped (e.g. parsley, chive, borage, basil)

Preparation:

Stir the plain yoghurt, low-fat curd and cream cheese until it turns smooth. Mix it with the olive oil, the yeast flakes and the cider vinegar. Season to taste with salt and pepper. Finally, fold in the herbs.

THE BREADS FOR GOURMETS

LANDBROT^{SCHNITTEN}

This bread is baked from particularly fine, gluten free raw materials, for those who like it without grains.

SATISFIED CUSTOMERS:

»Many thanks for delivering the beers and a compliment for the “beery” taste. I didn’t expect that at all«
Guenther Mayer from Dürrlaingen

»After I tested Schnitzer Bräu, it was clear which my new favourite beer would be. You are the only ones who get a real head on the beer, and the taste is great too. You really live up to the quality standards linked to “Made in Germany”. You can count me as a new customer!«
Andreas Lauer, Beckingen

»I was diagnosed with celiac disease 5 years ago. Since then I only had wine, water, tea or fruit juice in my life! Now gluten-free life is a bit more diverse and has become more normal. Many thanks for the idea of producing gluten-free beer.«
Dr. Georg Wenglorz, Konstanz

DID YOU KNOW THAT ...

- ... Canihua is an ancient plant from Peru and Bolivia and grows in the Andes at an altitude of 4000m.
- ... in traditional Peruvian cuisine, canihua seeds are roasted, ground and then added to liquids. The flour is called canihuaco.
- ... Canihua Puffed – ground or whole – develop a wonderful nutty-chocolaty aroma.
- ... more than half of the vegetable fats contained in canihuaco consist of valuable polyunsaturated fatty acids.

The votes of our customers

Schnitzer Glutenfree

„Top products for realistic prices. Great customer service and fast delivery. That is what I understand under a comprehensive service. Congratulations and keep it up!“

Schnitzer Neo Bakery

„Organic quality with super, guaranteed baking result. This is what a baguette should be like. Crunchy outside, fluffy inside. Good, natural and delicate taste.“

Schnitzer Mills & Flakers

„We are enthusiastic about the mill, which we use daily for our muesli.,“

Schnitzer Bräu

„The best beer!“

Schnitzer Mills & Flakers

„I've been using your Pico mill for years. And I take much pleasure in fresh milled grain.“

Schnitzer Glutenfree

„Nothing compares to this.““

Schnitzer Partnerbäcker

„I've been a Schnitzer Partner Baker since 1982 and I have never regretted it.“

Schnitzer Neo Bakery

„It's the sort of baguette I expect from a good traditional baker. Crunchy outside and fluffy inside, with a pleasant nuance of tomatoes. The quality justifies the price.“

Schnitzer Glutenfree

„Because I love the Schnitzer baguettes so much, I have tasted the Baguettini Lauge today. What can I say? Yummy.“

Schnitzer Partnerbäcker

„I was one of the first to bake Schnitzer bread. Many visit my bakery just for this.“

Schnitzer Bräu

„The ultimate“

Schnitzer Glutenfree

„Now I know why all of you love Schnitzer baguettes. I have finally tried them. I'm delighted! They are really great!“

Grain – the seed of life

Today's company structure

Schnitzer

sensible eating

The reason for intelligent nutrition is to boost the human organism, to make it resistant to environmental influences and to supply it with energy day after day. Therefore, in the centre of our activities stands that most valuable of cultural heritages: the grain.

> Household Grain Mills

Schnitzer
MILLS & FLAKERS

Wholesome nutrition made easy

- great variety of grain mills, from electrical mills to hand mills, flakers to grinding attachments
- decades of experience in production and development
- characterized by a long operating life
- guarantee a gentle grinding processing of the whole grain
- enables the delivery of valuable enzymes, vitamins and minerals thanks to the direct and fresh processing of the whole grain.

> Recipes for whole grain, fresh breads

Schnitzer
PARTNERBÄCKER

We're into whole grains – in a special manner

- Schnitzer Partner Bakers profit from a range of tried and tested Schnitzer-recipes, marketing equipment and individual advice
- Schnitzer raw materials are completely natural, without artificial enrichment of vitamins, minerals and fibres
- all Schnitzer raw materials are certified organic
- Schnitzer baker recipes result in pure whole grain products
- They are baked without enzyme containing additives

> Organic food

Schnitzer
GLUTENFREE

Glutenfree meets organic

- 100% organic
- no added enzymes
- combination of great taste and nutritional/ physiological benefits
- no enrichment of isolated minerals and vitamins
- all nutrients from ideal raw material combinations

Aromatic fresh taste beer from the Black Forest

- made from organic millet
- naturally gluten-free
- no enzymatic post-processing
- unique fresh and aromatic taste
- two versions:
Schnitzer Bräu millet-premium
and
Schnitzer Bräu millet-lemon

**Schnitzer
neo
bakery**

Honest & authentic without compromises

- short ingredient lists
- long dough lead times
- traditional skill and craftsmanship
- without the addition of gluten, sugar, enzymes and ascorbic acid
- made of 100% organic production

1968 - 2018

Foundation of Schnitzer on 1st March 1968 in St. Georgen by the dentist Dr. Schnitzer in St. Georgen.

Pioneer in the manufacture of household grain mills

Development and sale of household grain mills to produce freshly ground whole grain.

Introduction of the Partner Bakery licence system

Schnitzer's brand and recipes are licensed to independent artisan bakers.

Establishment of a new business area: **Production of durable organic and wholesome foods**

Schnitzer established the **Black Forest Celiac Disease Bakery**, which manufactures exclusively gluten-free food.

After a development time of two years Schnitzer established **Schnitzer Bräu GmbH & Co. KG.**

Modernisation of the production facilities and threefold increase in production capacity.

Successful completion of this was the **IFS certification** of our company.

Traditional baking combined with modern design characterizes the organic bread range, setting new standards for bread and bread rolls

Schnitzer neo bakery

50

50 years Schnitzer 50 years of nutritional expertise

In accordance with our motto “sensible eating – conscious enjoyment” on an area of some 7,500 square meters in the city of Offenburg, Germany we produce and market today a comprehensive portfolio of high-quality, tasty bread and pastry products, exclusively in organic quality and applying our many years of acquired know-how in the healthy nutrition, gentle processing and preservation.

Thanks to our own product development and quality management, we react quickly and flexibly to customer and market requirements. Due to our own strict specifications, confirmed by the IFS Food Certificate, we achieve constant high quality and ensure product safety and reliability for all our worldwide customers.

From the Black Forest to the world

For 50 years Schnitzer has been an active and successful company in the health food sector. A good reason to review past history and explain a little of what we feel is the company’s mission and its social purpose. Our company’s founder Dr. Med. Johann Georg Schnitzer practised dentistry in the 1960s in Mönchweiler in the Black Forest. He was one of the first doctors to deduce from his own everyday observations the connection between human health and nutrition. On this basis, he developed a programme for wholesome food based on cereals and raw food, inspired by the Kollaths doctrine.

Schnitzer set himself the goal of developing cereal-based programmes and foods that provide the human organism with vital nutrients from natural sources.

During the 1970s, his reputation grew steadily as an author and developer of Schnitzer’s Household Grain Mills, which, still today grind in many households fresh wholemeal flour for bread and cereals.

Whole-food nutrition made easy

At the beginning of the 1980s, the Schnitzer Partner Bakeries division was founded. Independent artisan bakeries were trained by Schnitzer in wholefood baking skills. They committed themselves to grind fresh cereals in their own grain mills just before dough preparation to obtain all the enzymes, minerals and vitamins contained in the grain of their home-baked bread.

In the 1990s, a range of packaged wholesome baked goods was created by the newly established Schnitzer Food division in particular retailed through independent health food shops. At the end of the 90s, the company introduced the first gluten-free range consisting of six different sliced breads to the market.

Competence and innovation combined with pleasure

Since 2001, we produce gluten-free organic baked goods under the highest standards with regard to the purity of the raw materials and the hygiene in the manufacturing process. In 2006 we introduced the first gluten-free beer based on millet to the market. After a comprehensive investment in modern production facilities combined with the first IFS Food certification in 2016, we are now one of the largest manufacturers of organic gluten-free baked goods.

With a motivated team of 150 employees, we work daily to gain new insights into healthy, enjoyable, sensible - „intelligent“ nutrition. Our actions are characterized by a continuous drive for quality, a marked willingness to take responsibility but above all by high levels of commitment and joy in our work. Competence, passion and care are our guides going forward.

Our mission for the future is to improve the pleasure in healthy nutrition every day - always following the guideline “sensible eating – conscious enjoyment.”
